No One In City to Miss It

Fanfare at 10 A. M.
To Send Workers Out
On Spirited Drive

All the pageantry and noise of an army about to go into an all-out campaign to win a battle will feature the opening of the Red Cross drive for funds which will get underway in the Village Monday morning at 10 a. m.

Chief of Police August Kettmann is making plans so that every visitor, winter resident and tourist in the Village Monday is aware that the campaign is underway.

TO HERALD the opening gun in the campaign, every police and fire siren in the Village will start screaming for one minute at 10 a. m. Automobilists are urged to sound their horns for the same length of time.

Meanwhile an army of workers will be poised ready to start a thorough canvass of the city the moment the noise subsides. The areas each worker is to cover and methods to be used in collecting funds will be drilled into the workers by Chief Kettmann and movie idol Clark Gable, honorary chairman of the drive at a meeting early Monday morning.

A GROUP of horseback riders will journey to each of the dude ranches in the area to solicit funds and Leo Fields, well known as a "judge" in Kangaroo courts, will hold such sessions at the various ranches, the first to take place at the Wonder Palms.

The Construction and Trades Council of San Bernardino and Riverside counties have endorsed the drive here and appointed David S. Becker, Cathedral City, to act as chairman in the solicitation of labor workers here. He is expected to journey from one construction job to another in the Palm Springs area asking for contributions.

OPTIMISM at Red Cross headquarters at the Torney General hospital former personnel building was running high. The goal, \$12,000 is expected to be reached in one week.

"It is hoped by concentrated work," declared Chairman Chief of Police August Kettmann, to attain our goal."

The most-used phrase, it seems to me, is "Page One or else, do you see?"

Harry Oliver invented a five-page newspaper for himself, the only one of its kind in existence. . . . Now I wish he, or maybe Ralph Nesmith, the Village inventor, would figure out a new kind of newspaper for me. . . . One in which every page is a first page. . . . not the kind where it's just an ordinary newspaper and each page is labelled Page One. . . . That's been done before and it's just a subterfuge—the pages are still 2, 3, 10 or what have you. . . . What I want is one with every page actually on the outside, a real front page. . . . Now, that may tax their ingenuity but they should find some way of doing it.

THE TOWN is full up and there are more things going on at once than in a seven-ring circus. . . . Trouble is that to each individual his or her own project is the most important. . . . And they all insist on Page One. . . . That's why I wish I had a newspaper with five or six front pages, real ones. . . . And if that isn't enough grief, the night linotype is giving me trouble. . . . He wants me to start a new project—change the name of Palm Springs. . . . Seems he has trouble with it as it takes up too much space in an issue of type. . . . Says that since I seemingly am going to run out of the lack of benches as a topic, I could take up his suggestion. . . . Adds an insult: "Looks like you lazy guys are going to have a place to park it pretty soon now, so get busy on this."

WELL, I OBJECT. . . . There are scores of places with the word "Springs" in their name. . . . There's even a place down on the desert called "Squeaky Springs." And there are more scores with the word "Palm" in their name. . . . But there's only one place that combines the two: "PalmSprings," and that's us. . . . But this night man, now. . . . He offers "Hand Leaps" as a solution. . . . Got that way by substituting "Hand" for "Palm" because it hasn't a fat "m" and is therefore shorter. . . . And since he didn't favor "Hand Springs," he substituted "Leaps" for "Springs."

New Life for C. of C. Echoes Town Meetings

Two town hall meetings in behalf of the financially-strymed Palm Springs Chamber of Commerce has put new life and hope in that organization.

Out of the maze of confusion, cross-current of opinion and the threat of the entire directorate to resign, has resulted an increase of 19 paid up members in less than ten days, and increase in the treasury funds from a low of \$20 to \$1500 as of yesterday morning and membership solicitation teams reporting that prospects for additional members looks good.

THE MEETING Tuesday night attended by more than one hundred members and non-members interested in the Chamber, was productive of one positive result and that was the holding of a monthly luncheon meeting open to all members.

This recommendation will be taken by President Florian Boyd who presided, to the board of directors scheduled to meet on the first Monday in March.

"HOWEVER," declared Boyd, "this meeting may be postponed until the second Monday in March so that ballots now being mailed out by the Chamber for the election of 11 new directors may be returned in time so that those elected may sit in on the director's meeting."

What Boyd was referring to in the election of eleven new members of the directorate, stemmed from an earlier meeting of all members at the El Paseo auditorium two weeks ago.

AT THAT TIME and at the meeting held last Tuesday, the membership declared that the infusion of new blood into the director's board would act as a

Illegal Signs to Mean Trouble is Warning

The building department of the city has been ordered to lower the "boom" against those persons who have refused to take down illegal signs.

City Manager William E. Alworth said that too many complaints have been filed lately against the erection of these signs in the Village.

Congress Determined to Divorce California Indians from Indian Bureau Is Report

Congress is determined to divorce the California Indians from the United States Indian Bureau this year.

That far-reaching message was given representatives of all parts of the desert area at Coachella Wednesday night by Joseph Snyder, chief engineer of the Coachella Valley County Water District, who has just returned from Washington where he and County Counsel Earl Redwine conferred with Indian bureau officials.

This information, with other facts gathered by a special committee, will be submitted to the joint Indian Affairs committee of the Palm Springs at a breakfast called by Florian Boyd, Chamber of Commerce president, for 8 a. m.,

Ground Broken for Community Church

Realization of a dream cherished for many years, ground was broken Wednesday at the site of the Community church for much-needed additional buildings.

Officers of the church joined in the ceremony with the Rev. James H. Blackstone turning the first shovel of dirt. Fay Brainerd is head of the building committee which is acting as general contractors for its construction and Harry Williams' office drew the plans.

The church is currently staging a successful drive for its building fund.

Chest Slowly Nears \$50,000

An all-time high in contributions to the Community Chest is expected to be attained this week, as donations, delayed beyond the official closing of the campaign, continue to dribble in to headquarters.

As of yesterday morning \$46,524 had been amassed and there was strong hope that tardy contributions may swell that sum to approximately \$50,000.

THE GOAL was originally placed at \$55,000.

Last year's total at the end of the drive amounted to \$44,000 including a \$1,000 written pledge which was never collected.

There is hope now that all of the dependent agencies in the Village will be able to continue at near-capacity operations. The greatest portion of the money, originally allotted in the estimated budget of \$55,000 was for the Palm Springs Community Hospital. This sum was figured at \$25,000. Second on the list was for youth work in the Village. These agencies include: the Boy's Club, Girl and Boy Scouts, and Teen Target.

A GOOD PORTION of the money sent in by contributors was earmarked for favorite charities. It is expected that the Welfare and Friendly Aid, and the youth agencies will be the greatest beneficiaries.

Signs of Life Come In County Campaign

First signs of life in the county political campaign came this week when Jesse Rathgeber announced he will be a candidate for county supervisor.

Lou Brings augmented orchestra was heard in several numbers with Ken Carpenter announcing.

Jolson will broadcast from Palm Springs again next Thursday with Cary Grant as guest star and the same supporting cast as last night.

Home Owners

Clevelanders Buy Armstrong Estate

Mr. and Mrs. William H. Eisenman of Cleveland, Ohio, have purchased the estate of Mrs. Horace Armstrong, 220 Hermosa Place, for a reported consideration of \$75,000, it was announced today.

Handling negotiations for the transaction was Frances Wilson of the Muriel E. Fulton real estate office. Eisenman is secretary of the American Society of Metals.

Teen-Target to Renew Activity On March 15

Teen-Target will swing its doors open to the teen-agers of the Village on or about March 15 under the directorship of new and long experienced directors.

This was the announcement made by Mrs. Caroline Hicks, chairman in charge of the Youth Center for the Welfare and Friendly Aid association yesterday.

She said that directors had decided to employ Mr. and Mrs. L. Jackson as full time directors and that they would take over the operation of the Teen Target just as soon as they disposed of a small business now operating in the Village.

THE COUPLE was highly recommended to Mrs. Hicks' committee by Sterling Winans, state director of recreation who was in conference this week with the new directors, Morrie Aitken, Teen Target president and members of the committee.

"Mr. and Mrs. Jackson will come to the Teen Target with a wealth of successful experience in youth and recreational work," declared Mrs. Hicks.

SHE SAID that Jackson operated the Montecito Home Club in Santa Barbara for 15 years; organized the youth work program in that city and served for two years as a Red Cross director during World War II in the Aleutian Islands and has for a long time been a worker in Boy Scout work.

"We feel that at last we have secured the services of two people that can do much for Teen Target," said Mrs. Hicks.

Al Jolson

Famous Singer Puts Village on the Air

Another packed house heard a national broadcast go out from Palm Springs last night when Al Jolson put on the Kraft Music Hall from the American Legion.

Featured were several of the perpetually popular songs which Jolson helped make famous, piano numbers by Oscar Levant and the appearance of David Niven as guest star.

Lou Brings augmented orchestra was heard in several numbers with Ken Carpenter announcing. Jolson will broadcast from Palm Springs again next Thursday with Cary Grant as guest star and the same supporting cast as last night.

Democratic

C. of C. Stages New Kind of Election

Ballots in what is believed the most democratic election ever held by a California Chamber of Commerce will be mailed today by the Palm Springs Chamber as the first major step in its re-organization program.

The ballots carry the names of approximately 700 business license holders of the Village. The ballots must be returned before midnight March 3.

Every one of those license holders, plus 24 others represented by the present members of the board of directors of the chamber, will be eligible to vote for 11 persons from among the 700 to serve as members of the chamber directorate until the next regular election in May. These 11 new directors and the 24 holdover members will comprise the board of directors.

All holders of business licenses in Palm Springs became eligible to vote for the directors by action of the chamber directors in issuing a membership to each person in business here. Florian Boyd, president of the chamber announced that the membership cards will be mailed to all these persons.

San Franciscans To Look Us Over Sunday

The Village is going to be full up of San Franciscans Sunday when the Chronicle-Santa Anita tour will pay its second annual visit to Palm Springs.

Members of the tour include more than 200 men and women from northern California who earned themselves a three-day trip south in a San Francisco Chronicle contest.

Highlighting their visit here Sunday will be swimming at Palm Village and lunch at Pagopago—activities arranged in cooperation with Harry Harper, executive secretary of the Palm Springs Chamber of Commerce. Judging from last year's sight-seeing will also be a popular pastime.

The Chronicle tourists will arrive here at 9 a. m. aboard their private, all-Pullman Southern Pacific train. Departure time is set for 5 p. m.

Besides a Palm Springs visit, the Chronicle's tour features tomorrow's running of the \$100,000 Santa Anita Handicap, dinner-dancing tomorrow night at Los Angeles' Biltmore Bowl and parting aboard the train to the music of the orchestra from Simbo's 365 Club, San Francisco nightspot.

Every member of the Chronicle tour will receive two clubhouse passes good for the 41-day spring meeting at Bay Meadows—as a gift from Bay Meadows General Manager William P. Kyne. Prizes donated by San Francisco merchants will also be awarded.

Phil Boyd Not To Enter Race For Assembly

Philip L. Boyd, first mayor of Palm Springs and at present assemblyman from the 76th (Riverside county) district, will not be a candidate to succeed himself in the June primary, he announced Wednesday in a statement to The Desert Sun.

His second term in office will end Dec. 31, 1948.

The assemblyman is a member of several important legislative committees and has been one of the more prominent legislators since his election in 1944.

IN HIS STATEMENT, released yesterday, he said:

"It is not my intention to file as a candidate for reelection to the state assembly in the June primary. I am reluctant to come to this decision which limits my present term to Dec. 31, 1948."

ALREADY FILED IN DISTRICT 1, is Cliff Halstad, who placed his petition in the hands of City Clerk Louise McCann Wednesday.

Florian Boyd, who obtained a petition early this week, and who would represent District 5, said that he had obtained the proper number of names and expects to file his petition within the next day or so.

Expecting to file in that same district is R. H. Grant, building contractor. He obtained a blank petition at the city hall yesterday and at the same time declared that he personally would not circulate it. He added that friends have asked him to run for councilman in district five.

FIRST TWO PETITIONS filed with the City Clerk were by Culver Nichols and Gordon Feehings, seeking the same office for district three.

At 5 p. m. yesterday no one living in district 6 represented on the council by Tom Kiely has applied at the City Hall for a petition.

ALSO REPORTED in circulation were petitions for Colin MacArthur of District 5 and Clarence Coleman for District 1.

Deadline for the filing of petitions is March 4.

UNIVERSAL ACCEPTANCE of the American Red Cross makes it hardly more necessary for us to remind readers that the annual membership campaign is under way in Palm Springs. This vast organization performs such a wide variety of services that it touches, directly or indirectly, the lives of us all.

One of the most vital (and perhaps the most dramatic) phases of Red Cross work is its Disaster Service. Organized to speed aid on a moment's notice to any section of the country, the United States last year. It not only furnished immediate relief but is still aiding in the recovery of many of the persons and communities affected.

Readers will remember some of the worst disasters last year: The floods last summer in Illinois, Missouri, Iowa and Nebraska. . . . the disastrous tornado in Oklahoma and Texas that virtually wiped out the towns of Glazier and Higgins. . . . The Texas City explosions. . . . the Florida-Gulf States hurricane in September. . . . and the devastating forest fires in New England in October. You do not know, perhaps, that the Red Cross assisted more than 305,000 persons and spent over \$11,000,000 in its Disaster Service last year. No wonder Americans give so willingly to the Red Cross when their dollars are sent on such errands of mercy!

Four More Petitions in Circulation

Nominations to Close Next Thursday With Five Seats at Stake

With the deadline for filing nomination papers in the city council race due next Thursday, five candidates in three districts had entered their names in the lists up to last night with four more circulating petitions today.

Council seats from Districts 1, 3, 5, 6 and 7 will be filled at an April 13 election. So far candidates from Districts 1, 3, and 7 have filed. No filings have been made from District 5 although petitions are being circulated in that district. No petitions are in circulation to date in District 6.

THE WEEK was marked with the first filing of a nomination paper for city council by a woman.

Three additional candidates seeking council seats filed nomination petitions this week making five definitely in the race while four prospective candidates have obtained petitions for circulation in their districts.

The latest two to file completed petitions were Ruth Hardy, owner of Ingleside Inn, for District 7, now represented on the council by Mayor Clarence Hyde and William H. Veith, realtor, for District 1.

ALREADY FILED in district 1, is Cliff Halstad, who placed his petition in the hands of City Clerk Louise McCann Wednesday. JUST AS WORTHY for its own specialized purpose is The March of Dimes fund. Every penny goes to the care of polio sufferers—or to the foundation that is conducting research in this disease that has crippled millions. . . . We've been thinking of our own community needs the past month and have pretty well taken care of them. Now we can join with our fellow countrymen everywhere in helping these two great nation-wide organizations—The American Red Cross and the Infantile Paralysis Foundation.

APOLOGIES SHOULD BE MADE—and likely have been—to Jack Benny and cast for the "steam heated" atmosphere in which they had to put on their show here last Sunday. The ventilating system in the Wars Memorial building just hasn't been commissioned yet—it seems. And the weather wasn't very cooperative. Fortunately for Palm Springs, the millions of listeners didn't know the difference—and our city came in for some excellent nation-wide publicity. Jack DID talk more about dates than rates as we had hoped he would. . . . Which reminds us that we should also thank Cholly Angeleno for the nice "puffs" he gave the Village in the L. A. Examiner last Sunday. It looks like we might get Cholly to join the "Stay Thru May" club!

View of Palm Springs

Palm Springs again hit the pages of a national magazine with all of the credit going to the Palm Springs Chamber of Commerce, its manager, Harry Harper, and Earl O'Day in charge of publicity.

The current issue of Coronet, dedicated to the California Centennial shows a colored page of life in Palm Springs with sun-worshippers around the beautiful oval pool of the Palm Springs Tennis Club.

In the Village to bring to the attention of Villagers and magazine vendors the space allotted to Palm Springs in color, was George C. Clements, San Bernardino, superintendent of circulation for the Curtis Publishing Company distributors of Coronets and Alex Thompson, Chicago, employed by Esquire and Coronets.

Dine RoyallyFormer Chef to King
Presides at Biltmore

While they dine on roast breast of guinea hen, almond-flavored trout and salads concocted of secret recipes, few guests of the Palm Springs Biltmore hotel know that the man who prepares them once lorded over the kitchen of a king.

He is Otto L. Klein, in the days of royalty chef for Emperor Franz Josef of Austria. As chef steward at the Palm Springs Biltmore, he is continuing a reputation in this country that began when he left his post in the royal household to become chef at the Ritz-Carlton in New York.

What does a king eat? That's the question most-asked Mr. Klein. Naturally, he has a ready answer.

"Coffee in the morning; boiled beef with horseradish at 10 a. m.; coffee and pastry in the afternoon; dinner between 9 and 10 at night." The other members of the royal household had more epicurean tastes, Mr. Klein adds, and from all parts of the globe ships brought delicacies to please the appetites of the privileged diners he served in Vienna.

"But the guests of America's fine hotels eat even better," Mr. Klein concluded, and he pointed a finger at one of the bountiful set tables in the attractive dining room at the Palm Springs Biltmore to prove his point.

Arthur Greenfield Now

Ransom and Hinkle, realtors, announced yesterday that Arthur Greenfield has become connected with their firm as an associate broker. Mr. Greenfield has been active in Desert real estate circles for the past four years, and prior to taking up residence in Palm Springs he resided in New York City and Palm Beach, Florida. Mr. and Mrs. Greenfield reside at 1457 Verbena Drive. Mrs. Greenfield's father is the owner of the beautiful new Hotel del Marcos which is rapidly nearing completion in the Tennis Club area.

Writer To Speak ThursdayForeign Correspondent on Next Week's
Program of High School Forum Series

Interest, already running high in the local public forum meetings, is expected to be intensified because of the appearance here next Thursday evening of Emil Lengyel, feature writer and foreign correspondent for the New York Times since 1927.

This internationally known correspondent and author will speak at the American Legion hall, starting at 8:00 p.m. on the subject "Behind the Iron Curtain."

For a vivid and searching analysis of the real issues at stake in Europe's crisis and a realistic appraisal of how their settlement will, both directly and indirectly, affect America's welfare and progress, there are few speakers with Dr. Emil Lengyel's authority and eloquence.

HIS INTIMATE, first-hand acquaintance with Central European politics has brought him international fame as a scholar and as a practical journalist. His long experience on the American lecture platform has given him superb skill in painting vivid word pictures and conveying to his audiences a genuine understanding of the factors involved in the topic under consideration.

Born in Budapest and educated in that city at the Royal Hungarian University, which gave him a LL.D. degree, he was called to service as an officer in the Austro-Hungarian Army at the outbreak of World War I. He had been in the field six months when he was taken prisoner on the Russian front and exiled to a Siberian prison. His experiences there turned his hair white and provided him with material for his first book, "Cattle Car Express."

AFTER WORLD WAR I, Dr. Emil Lengyel travelled about Europe as correspondent for Hungarian, German, French and English newspapers and as organizer of a new European news service. He came to the United States as a correspondent to cover the Washington Disarmament Conference in 1921 and decided to make this country his permanent home. He became an American citizen in 1927. Since then he has covered Europe many times as correspondent for the New York Times.

Dr. Emil Lengyel taught history and economics at Brooklyn Polytechnic Institute and is now assistant professor at New York university and feature writer for the New York Times. He spends a part of each year overseas. He was in Europe when World War II broke and returned to Eastern Europe during the summer of 1946. He brings to the lecture platform eye-witness reports from behind the iron curtain—the first-hand impressions of an astute observer who understands the forces at work in Europe, understands the people of Europe and who can see behind the headlines.

Dr. Emil Lengyel is a magnetic platform personality and excellent speaker. He is author of: "America's Role in World Affairs," "Siberia," "Turkey," "The Danube," "Cattle Car Express," "Millions of Dictators," "Cauldron Boils," "Hitler," "Dakar: Outpost of Two Hemispheres."

Supervisors Oppose
Reapportionment Plan

Opposition to the plan to reapportion state senate districts was voiced by county supervisors in session this week in a resolution adopted unanimously.

Supervisors believe that under the proposed changes in senatorial districts the larger cities would gain too much advantage over the "back counties."

Theme 'Christ Jesus'
"Christ Jesus" will be the Sunday Lesson-Sermon subject in all branches of the Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from the Psalms: "Thou art fairer than the children of men: grace is poured into thy lips: therefore God hath blessed thee for ever."
A Scriptural passage from Isaiah reads, "The Spirit of the Lord God is upon me; because the Lord hath anointed me to preach good tidings unto the meek; he hath sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound;... To appoint unto them that mourn in Zion, to give unto them beauty for ashes, the oil of joy for mourning, the garment of praise for the spirit of heaviness; that they might be called trees of righteousness, the planting of the Lord, that he might be glorified."
On this subject Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "Christ is the true idea voicing good, the divine message from God to men speaking to the human consciousness. The Christ is incorporeal, spiritual—yes, the divine image and likeness, dispelling the illusions of the senses; the Way, the Truth, and the Life, healing the sick and casting out evils, destroying sin, disease, and death."

More Singers Urged To Join Easter Chorus

With the dawn of Easter just a little more than four weeks off, rehearsals for the annual hillside service were speeded today with the Community church choir, augmented by many Village voices, preparing steadily to make this another outstanding event.

A portion of the annual commemorative service will be broadcast from coast to coast over the Columbia Broadcasting system and its local affiliate, KCMJ. Easter falls on March 23 this year and rehearsals, now held each Thursday, will be expanded soon.

Holly Lash Visel, who is again directing the choral work for the services, asks that any who wish to join the choir for the Easter service, appear at the Community church on Thursday night when regular rehearsals are held, starting at 8:15 o'clock.

Assemblyman Boyd Will Back Salton Sea Plan

Active aid for the proposed Salton Sea park plan was pledged by State Assemblyman Philip L. Boyd, former mayor of Palm Springs, this week.

Creation of a 300-acre state park with a wide sandy beach has been proposed by Coachella valley residents and endorsed by county supervisors. The matter is now before the state park commission.

True Judge of Life Topic Sunday at Community Church

"The True Judge of Life" will be the topic Sunday morning at Community church of the Rev. James H. Blackstone, Jr., pastor, he announced yesterday.

"There are three courts of judgment before which a person lives his daily life," the pastor said. "One is the court of social approval which has a tremendous power over the actions of the ordinary individual but which, after all, is not the supreme importance. The second is the court of inward conscience; this is a higher court of judgment. However, conscience is not always infallible when it offers its voice of approval and often needs to be educated or corrected."

"THE FINAL COURT is that of Jesus Christ unto whom God has given the power of judgment over every living soul. In judgment for God, then, we may not always be popular with the crowd and we may need to have the voice of conscience corrected, but the important thing is to be right with Jesus Christ and to please Him."

The choir will sing "Hark, Hark my Soul." Several new members

...all Safeway meats are cut only from top grades... then trimmed waste-free before weighing. See, in the diagram at right, what this means when you buy lamb shoulder. Our lamb shoulder roasts are cut to include the full five meaty ribs. Both shank and neck are trimmed away before your purchase is weighed. In contrast, many markets cut off and sell as expensive chops, portions which are included in the Safeway lamb shoulder roast. Many leave the less-tender neck on. Some even fail to remove the heavy shank bone. At Safeway you get, and pay for, only the portion that will cook just right. For meats as for all foods, be sure... shop SAFEWAY.

Hospital Fund Is Given Big Boost by Mink and Manure

Mink and Manure club's membership is growing rapidly and so far \$750 has been turned over to the Community Chest, earmarked for Community hospital, Bill Gargan, in charge of club memberships, said yesterday.

All membership dues for the M and M are turned over to the Chest for this purpose.

They are holding a cocktail hour each afternoon from 4 to 6 at Rogers' Ranch, headquarters for the Mink and Manures, and have a new concoction called the Mink and Manure Mustang which is guaranteed to have quite a kick.

Gargan doesn't know whether someone is kidding him or whether the fame of his new club has spread to the Potomac but he got an application for membership via Western Union signed Harry Truman.

"By any other name a contribution would smell just the same," he paraphrased as he entered the name as a member.

Police were investigating the theft of approximately \$330 in construction tools from the home of Edwin L. Rosin some time between February 21 and 23.

Meeting to be Held At Rogers' Ranch

All visiting Elks and prospective charter members in the organization of the local Palm Springs lodge are asked to be present at that time.

AID FOR CHEST—When Mr. and Mrs. Robert F. Matlack of Long Beach (center couple above) came to Palm Springs as King and Queen of the Palm Springs Junior Chamber of Commerce, they did their bit by dropping some folding money into the local Community Chest. With them are Helen Robeson, Community fund representative, left, and Don Ariz, president of the local Junior C. of C. (John Pagoria photo.)

Long Beach Royal Pair Entertained In Palm Springs

Winding up several days of honors bestowed upon them after they were chosen King and Queen by the Long Beach Junior Chamber of Commerce, Mr. and Mrs. Robert F. Matlack of the beach city were guests in Palm Springs last week end of Don Ariz, president, and the local Junior Chamber of Commerce.

They flew into the city via Western Air after a big time in Los Angeles and at Santa Anita and were met at the airport by Mr. and Mrs. Ariz and were guests at the Ariz home.

That evening they were honored with a dinner at the Ariz' Pago Pago and on Sunday, luncheon at the Tennis Club and later enjoyed the Jack Benny broadcast. Their trip here was sponsored by the Long Beach Junior C. of C. which even placed their bets—lucky, too—for them at Santa Anita.

Leo Mizysak, superintendent of construction for the Desert Construction Company, reported to police yesterday, that thieves stole approximately \$100 in tools from that company.

Palm Springs Best of All in Their Opinion

Mr. and Mrs. Edouard P. Tomke, formerly in business in Cleveland, Ohio, have purchased the Lenore apartments on Chuckwalla road and have re-named it the Tahitian. The sale was negotiated through the Frank Miller real estate office.

Mr. Tomke, recently discharged from the service, was formerly a resident of Miami Beach, Florida, where his family pioneered the original development of Fisher and Flegler.

After investigating several resorts the Tomkes finally chose Palm Springs as the most promising winter vacation land in the country.

Cravath Talks to Village Lions on Gridiron Topics

This may be between football seasons but Coach Jeff Cravath of the U.S.C. Trojans took the floor yesterday at the Desert Inn and told Palm Springs Lions at their luncheon meeting all about the grid sport.

He came here at the invitation of Dr. Frank A. Purcell, former classmate and an enthusiastic Trojan follower.

Coach Cravath touched on the national football picture in his talk to the Lions.

World Federalists To Stage Buffet Event on Sunday

Palm Springs members of a national movement to strengthen the United Nations Organization into a World Federal Government announce a special buffet

supper benefit in the interests of their program Sunday at 5 p. m. Sponsors of the buffet, which will be given at the home of Mrs. Emily Nolan Jordan, 928 Avenida de las Palmas, are local members of the United World Federalists, Inc., who hope that Palm Springs residents will take this opportunity to enjoy this special supper with them and to learn about the World Federalist movement which recently put two hundred thousand signatures of Cleveland, Ohio, citizens on a world government petition.

Support for a stronger U. N. with power to enact, interpret and enforce world law for world affairs, has had a phenomenal growth during the past few months, Fred A. Hale, California director of the U.W.F. reported this week when he visited the Palm Springs U.W.F. Chapter. Mr. Hale, who has addressed the Palm Springs High School, Rotary Club, American Legion Auxiliary, and Cathedral City Lions club, anticipates twenty-four active chapters in Southern California by April 30 and a national enrollment of five million citizens by the end of the year.

Among prominent members of the State Advisory Board of the United World Federalists are Supreme Court Justice John W. Shenk; Douglas Fairbanks, Jr.; Paul Smith, editor of the San Francisco Chronicle; Walter Wanger, producer; Chet Huntley, C.B.S. "10 o'clock Wire", and Thomas Mann, author.

Humankind may yet be saved from its own destruction, Hale believes, inasmuch as Mr. and Mrs. America are rapidly casting off their former fear and defeatism, and are finding their faith restored in a United Nations strengthened into a world federal government with powers adequate to prevent war.

Business Women Bring In More Cash for Chest

Members of the Business Women's club, numbering 12, went out Saturday and Sunday to the various dining spots in town at the request of the Community Chest committee and Hospital group, to pick up last minute contributions to these funds.

They did right well, they reported.

Special thanks was given Ruby of the Dunes who placed Mrs. Howard Perdue and Miss Teed Corwin in his own spot at the cashier's desk where they collected a tidy sum for the Chest and Hospital.

The United States is now assuming its place of world leadership in its own interests as well as the interests of mankind, Rep. C. A. Eaton (R.) of New Jersey.

Victims of Crash Show Encouraging Recovery Signs

Joseph P. Lacey, prominent San Francisco attorney, yesterday reported that his son, Joseph Patrick Lacey, Jr., 29, traffic victim who has lain at Death's door for almost a week in the Palm Springs Community Hospital, was beginning to show signs of recovery.

Lacey, Jr., former Santa Clara football star, amateur boxing champion and World War II naval veteran, is suffering from a fractured skull, broken left leg and cracked ribs, sustained when the automobile in which he and his wife were riding crashed into the side of a Southern Pacific freight train Saturday morning at 3:30 a. m.

Mrs. Lacey is also in the hospital suffering from third degree burns of the legs incurred when the automobile burst into flames following the collision with the train. She is well on the road to recovery, according to Lacey, Sr.

Her husband was brought to the hospital unconscious and remained in that condition until Wednesday, when he began to show signs of rousing from his stupor.

"Palm Springs is certainly a beautiful place this morning," declared the father with a smile. "I'm even toying with the idea of moving down here." He added that his son was taking nourishment now.

Phil Boyd ...

Serving my county and state, though strenuous, has been both pleasant and a source of personal satisfaction. I have thoroughly appreciated the loyal support and encouragement extended to me by so many fine citizens and the press. It is, however, necessary for me to devote more of my time to my family and my business interests."

ELECTED by a large majority in 1944, Assemblyman Boyd was re-elected in 1946.

He is a member of the agricultural, municipal and county government and powerful ways and means committees. He has also served on other important committees.

"As I am now familiar with several state projects pending for the benefit of Riverside county, I hope I may be permitted to assist my successor in following through to their successful conclusion," Mr. Boyd added.

No successor has been suggested. Time for filing nominations opens March 3 and closes March 27.

He was instrumental in arranging the successful test-launching of the V-2 rocket at sea from the deck of the Midway, providing that this missile, having a range of only a few hundred miles, can be a trans-oceanic weapon with the help of the Navy.

3-Day Scout Camp Event to be Centered in City

Action taken Wednesday night by the Palm Springs Boy Scout district committee will make Palm Springs the mecca for between 150 and 200 Senior Scouts of Southern California for a three-day camp event April 30 and May 1 and 2.

The Old Baldy Council of Scouting will sponsor the event here, and if the first one is successful, will make the outing an annual affair. Representatives of the district recently conferred here with Chamber of Commerce officials and then submitted the proposal to the Scouting district.

Harold Lienau, district chairman who presided at the meeting Wednesday night, named Reg Jones, the district camping chairman, as chairman of the committee here which will work with the Old Baldy Council in completing arrangements for the outing.

Preliminary plans for the event call for competitions, hikes, demonstrations, riding activities and many other phases of Scouting life. It is hoped that the Field Club will be available, and local riding groups are to be asked to cooperate to provide entertainment for the Scouts.

A western motif will prevail throughout the three-day program.

Zoning, Planning Office Changed

Effective Monday, all persons seeking information on planning and zoning will have to visit the city planning offices in the old headquarters building at the Palm Springs Airport.

City Manager William E. Alworth said yesterday that all maps, files and reports have been moved to the new location.

boon to the organization. Florian Boyd took this recommendation to a special meeting of the directors who voted that all holders of business licenses in the Village should receive 90-day membership cards in the chamber and be given an opportunity to vote on the 11 new directors.

The vacancies on the directorate resulted from the withdrawal of seven members of the Home Owners Association and the retirement of four inactive members.

ALTHOUGH at the first meeting the membership refused to accept the resignation of the entire board of directors including that of Boyd as president there were a few voices raised at the second meeting who still insisted that the entire directorate be replaced by new members.

WHAT EVERY AMERICAN SHOULD READ AS ELECTION TIME APPROACHES

What do you mean, Come the Revolution?

Brother, the revolution has been—the most radical revolution of all time!

It happened in 1776. That's right—1776. You think there's been a more radical revolution since? How could there be? Do you realize what that revolution of 1776 brought about?

Imagine—men, all men, having a say in the way they are governed. Not only able to tell the guy at the top what they think about him, but able to do something about it.

Imagine—men, ordinary men like you and me, being able to say to the military, to the police, "This is my home. This is my property. Please keep out—but now." Have you heard of anything more revolutionary since?

Imagine—men and women not having

to worship in a certain way just because the fellows that run things happen to worship that way. Or not having to give up their way of worship because the gang in power happens not to like it.

Radical? Brother, how could any political party with the reins of government in their hands allow such a state of affairs? Let a little thing like law stand in the way of grabbing all the power and money and things they want? How?

Because of what the revolution of 1776 brought about. The rule of the ordinary man. Rule by people like you and me. Rule based on law; on decency and fair dealing; on honesty and justice. Rule by the majority with full respect for the rights of the minority. All minorities. Some people call it the golden rule.

When you stop to think about it, it is.

WHAT TO DO ABOUT IT

FIND OUT ELECTION ISSUES. Attend local political gatherings. Hear both sides. Ask questions. KNOW the issues.

VOTE INTELLIGENTLY. No election is unimportant. Vote in all of them ... according to your conscience. It's your government.

SERVE GLADLY ON JURIES. If you haven't served before, you'll be surprised to find how interesting and important it is.

JOIN LOCAL CIVIC GROUPS. Parent-Teachers' Association or School Board, if opportunity permits. Good education is vital.

VOTE IN UNION ELECTIONS AND STOCKHOLDERS' MEETINGS. Take part in the decisions that affect your life. Don't let someone else do it.

The Whitehorns have put in a busy week in Los Angeles with Mrs. Whitehorn attending many republican meetings. She is an active leader in the party's organization in California.

Saturday she was a guest of Mrs. Goodwin Knight, wife of the lieutenant governor at a meeting at which Mrs. Williamson was the principal speaker. The American Defense League sponsored the meeting.

JAYNO TELLS ALL

Society Palm Springs has two grand elegant gatherings standing out in bold type on its social calendar this week-end . . . The Jewish Community Centre presents its super-duper, star-studded first annual charity ball at The Stables tonight for the very worthy cause of raising funds for the construction of a Jewish Community Center House.

The evenings sure to be a sure-fire success, is the result of the hard work and able direction of Harry Glatter and his committee. . . Saturday night the big event will be the colorful coronation ball for Desert Circus Queen, pretty Marilyn McKay, resplendent in richly colored royal robes and surrounded by the pomp and pageantry of an elegant court. . .

Palm Springs without house-guests would be like Palm Desert without Leonard Firestone. . . We hope more hosts keep better track of their guests than the Art Coffeys who lost four of their eight during the Saturday night shuffle. . . Gretchen and Billy Wright had a return visit after ten years from the Wayne Keiths of Rock Springs, Wyo. . . Enjoying lounging about in the patio of Marguerite and Paul Trousdale's lovely home this week are the Richard Reynolds, Sr. of Louisville, Ky., the Greville Collins of London, England.

Insurance Men Kemper's Guests At Thunderbird

A group of out-of-town business men got a real change from city-life on Tuesday evening when they joined in the Western spirit of Thunderbird Ranch for cocktails, dining, and singing, as the guests of James S. Kemper.

The men are here for the annual conference of the nationwide officers of the Kemper Insurance companies of which there are nine throughout the country.

Among those present were Hathaway G. Kemper of Chicago; Joseph Magnus of Chicago; Frank F. Winans of Greenwich, Conn.; L. W. Van Aken and Norman Hewitt of Los Angeles; Melvin F. Gruhn of San Francisco; Ed. G. Hitt of Atlanta, Ga.; R. L. Noble of Seattle.

and Louise (Mrs. Morley) Drury. . .

The Harold Sullivan and the James A. Shingdens are guests with the Byron Cains. . . The Milner Langtrys liked the Village so much during their visit last year that they are returning to spend a month with brother and sister-in-law, the John Langtrys. . . Mrs. Perry Johnson has been visited by prominent Chicagoan Mrs. Willard Kennedy and her sister, Mrs. Cora Hurlburt of Compton, Cal. Mrs. Kennedy is serving her fourth term as president of the Illinois Opera Guild of which she is one of the founders. . .

Mrs. Amy Myers arrived Thursday night by plane from Washington (state, that is) to be met by her two sisters, Mrs. Sophie Watkins and Mrs. Carrie Cruse, and the Merrill Crockett, who entertained her for dinner. . . The three sisters are guests at the Ralph Shelleys home. . . Highlighting Mrs. Fern White's trip to Balboa last weekend was a lengthy sail in the bay. . . The Charles Burkets celebrated Charles' birthday with daughter, Carol, in Pomona where she is a Sophomore in the College. . .

Famed furniture designer, New Yorker Leo Jiraneck, is visiting at the Ben Shearers. . . That's all for now. . . seems all villagers are far too busy working on Desert Circus Week, Community Chest, Red Cross, to do much gadding about. . .

A RED CROSS WORKER WILL COME TO YOU THIS WEEK. . . BE GENEROUS IN YOUR CONTRIBUTION!

Santa Anita 'Cap Will Climax Big Week of Racing

Santa Anita's big 'Cap Week, most colorful, dramatic and thrilling of the winter racing season, was ushered in Monday with the George Washington holiday card. Tuesday was an off day but there will be outstanding features the other days leading up to tomorrow when the 11th \$100,000-guaranteed Santa Anita Handicap will be run as the world's richest race. The climax and close of the classic meeting will see the staging of the \$100,000 Santa Anita Derby on Saturday of next week (March 6).

Everything is in readiness for the spectacle of the Big 'Cap and the magnificence of its setting, with the exception of determining the large and top-ranking field that will go to the post. Gates are to be opened at 10:30 a.m. in anticipation of an attendance that will likely range around 75,000; the first race is to be started at 12:30 p.m.—one half hour earlier than usual. Sportsmen will be present from all parts of the world.

RACING SECRETARY W. A. Everett lists 20 as almost definite starters, with the contention running deep. He tabs another 18, perhaps several others, among probable starters. He rates the field from the original 116 nominees as the greatest ever to line up for a Santa Anita Handicap with the country's leading jockeys already drawing riding assignments. His line-up follows:

TOP FAVORITES: Talon, the dappled grey from Argentina; Double Jay, the Delaware-owned colt; On Trust, California's greatest money-winner; the Chilean Olhaverri, winner last year; the Texas-owned Flashco; and the lightly-weighted Autocrat.

SPEED HORSES: V-Boy, Class Day, Prevaricator, Cover Up.

RANKING MARES: Miss Dooreen, Elpis, Bridal Flower, and possibly Letmcrow and Happy Issue.

Analysis of how the golden 1 1/4 miles gallop will be contested and the chances of the national and international handicappers stars that will sport colors will arouse wide interest. The starting field may reach the all-time high 23 of 1946 or the 22 of last season as the entry and stabling fees now total \$2,000, just double the amount in previous runnings. It may be a factor in keeping a number of the "take-a-chancers" in the barns.

Indians to Tangle With San Jacinto In League Game

Palm Springs high has a chance to improve its position in the Riverside County basketball league tonight when it goes against San Jacinto high on the latter's floor.

The Indians are now in a 50-50 spot in the loop having won three and lost three. San Jacinto is in the loop cellar with no wins in six starts.

The San Jacinto Bs are favored to take the Palm Springs Bs who have had tough luck hitting the winner's circle.

Hemet meets Beaumont in the feature game of the week. A Hemet victory would prove an upset.

Wise distrust and constant watchfulness are the parents of safety.—Seeker.

P. S. Basketball Hopes Dimmed As Weiss Hurt

It might as well have been Friday, the 13th—for disaster hit the Palm Springs Indians in their off-league game with Blythe high last week-end. They lost the services of Eddie Weiss, star center who was injured in play and also lost a basketball game, 80-39. Loss of Weiss, who has been a consistent high scorer hits the Indians hard.

The Indian B's won a game but also suffered disaster when Dick Hensen was injured in play. He has been their spark-plug. The Papoose victory was by the score of 44-40 over the Blythe Babes.

McCoy and M. E. Cameron with a score of 394-19x.

Top Women Golfing Stars of Coast to Compete at Indio

One of the greatest arrays of women golfers in desert history is promised galleryites at the first annual women's Indio Invitational March 10-12 on the Cochran Ranch golf course in Indio.

Every major Southern California titleholder will test out her skill on the rolling 72-par desert course owned by flyer Jacqueline Cochran and her husband financier Floyd Odlum.

THE ENTRY LIST runs like a Who's Who of golf with such names as Mrs. Marjorie Ferrie, California state queen; Mrs. Ruth McCullah, Southern California champion and newly crowned Champion of Champions; the sensational Bauer girls, Alice, Long Beach titleist and 14-year-old Marlene, Los Angeles city winner; Mrs. Gregg Lifer, ex-state champion and Mrs. Leonard Margules, the former Betty Rosen, who will be seeking her first title in a year. From San Francisco will come talented Dorothy Traung, former Western Amateur champ and from North Dakota the state titleist and 1948 Western Amateur medalist and quarter-finalist, Beverly Hanson.

Helen Dettweiler, professional at the Cochran Ranch course and chairman of the tournament committee says, "The response to this first tournament has been both overwhelming and embarrassing." Although the entries were not officially closed until Feb. 20 only the first hundred could be accepted and Miss Dettweiler reveals that this number was reached by Feb. 15, just 12 days after the invitations were mailed. Circus Tickets Going Fast

Opening Day Finds All Tickets for First Night of Insanities Sold Out Quickly

Brisk purchases of tickets to the Desert Circus events on the opening day of public sale yesterday soaked up all tickets for the opening night of the three-night Village Insanities, and claimed scores of tickets to the other eight events which make up the program for the four-day celebration March 10 to 13 inclusive.

At the end of the day Ticket Chairman Willard Geib announced a complete sellout of tickets for the opening performance of the Insanities on Wednesday night, March 10. Heavy inroads also have been made into the tickets for the second and third night productions on March 11 and 12.

ALSO POPULAR with the Villagers who are anticipating the usual good fun of Circus week were the tickets for all the other events, beginning with the Circus prelude—the Mexican Fiesta at Thunderbird Ranch Monday night, March 8—and continuing through the opening luncheon at the Desert Inn on Wednesday, the Western Barbecue and Fashion Show at Rogers Ranch on Wednesday, parade grandstands for Saturday morning, Wild West Show Saturday afternoon, and the gala 49'er Jamboree Saturday night, March 13.

Also great interest has been shown in the two swanky dances to be staged at the Tennis Club and Racquet Club Saturday night.

THE TICKET BOOTH is located in front of the Carnell building on Palm Canyon Drive near Andreas Road. A special telephone has been installed to facilitate the giving of information about the tickets. The number is 2844. Chairman Geib announced.

Nearly tickets also are on sale for the Cadillac which is to be given away at the Wild West Show at the Field Club Saturday afternoon, March 13.

Navy research and invention was focused heavily on increased power in the air during 1947. New planes added to the Navy's air arm include the Phantom, the Skystreak, Pirate, Banshee, Panther and Skyrocket. Navy pilots set and reestablished two world speed records. A carrier-based jet fighter squadron was formed. The Navy's progress in the air included also guided missile study, advances in radar, new parachutes for high-speed bail-outs, new self-sealing gas tanks, and higher octane fuel.

Surviving her are a daughter, Mrs. Reva Houlihan of Bakersfield, a son, Virgin Wilson of Topeka, and four sisters and a brother, all of Topeka and three grandchildren.

Interment was in Olive View cemetery.

Third Annual Palms to Pines Ride Scheduled for April 14-18

Plans for the third annual Palms to Pines ride of the Palm Springs Horsemen's Association are well under way with Travis Rogers in charge of arrangements. April 14 to 18, inclusive, are the dates of the great trek and members have already commenced mailing in checks to signify their intention of riding.

Many miles of the trail to be taken during the three days of riding have been gone over by Rogers and Bill Gargan during the last month or so. There were times that they had to backtrack because of the difficult canyon terrain where no signs of cattle or horse trails existed. The trek will include much of this virgin desert and hill area south and east of here.

Rogers is arranging for a pack train to carry the camp equipment and food for men and horses into country freshly blazed for one night, there being no road for trucks. As on previous rides of the Horsemen's Association and Vaqueros del Desierto, John (Porky) Harris of the U. S. Forest Service has consented to take charge of food and cooking arrangements.

From Page One—MORE ABOUT This Side of Sun . . .

But who would want to walk into an expensive hotel some place and register "Mr. and Mrs. Whoosis, Hand Leaps?" . . . Or any other kind of a hotel. . . . If the night man is a dyed-in-the-wool democrat, he'd vote for Taft rather than Truman because Taft's name goes in half the space Truman's does. . . . So I refuse the project. . . . Palm Springs is good enough for me even if it comes out in the telephone directory: P Spgs.

HARRY HARPER, secretary-manager of the chamber of commerce, got a nice bit of praise in the San Francisco Call-Bulletin the other day. . . . The following appeared in Gene De Forrest's column "About Town," right at the head of the page, too:

"We ran into big, genial George Hoberg of the well known Lake County clan at the Oyster Loaf restaurant the other night and he told us all about his plans, already under way, for a resort at Palm Springs modeled after his popular place in Lake County. George is just another one of the many from northern California who are now making investments in Palm Springs properties. Others include the Blumenfeld theater czars, who recently opened Wonder Palms, and Phil Phillips, for many years director of publicity for the Fox West Coast theaters, who operates Twenty-nine Palms, a very swank nitery. All of which impresses us with the fact that Harry C. Harper, manager of the Palm Springs Chamber of Commerce is doing a good job in promoting the possibilities for investment capital there, which would indicate that he is running competition with the Los Angeles C. of C."

REMEMBER during the war how you used to get up with the sun and find that it already was time to go to work? . . . Well, you may have that experience again. . . . Daylight saving is being talked strongly in the state today. . . . All because there wasn't enough rain this winter to turn into snow to provide sufficient water this summer for the streams which turn out hydro-electric plants and "juice" for lights is going to be scarce. . . . And the way to save this scarce electricity is to cut down the hours of darkness by bringing back daylight savings. . . . Our county board of supervisors went on record this week as favoring it.

IN CLOSING—don't forget the Red Cross, get your circus tickets, be truthful about your income tax and register before next Thursday, March 4.

A delicious preserve may be made from canned pineapple and dried apricots for winter use.

Organized Band, Ready for Any Emergency, Is Revealed as Small Boy is Reported Lost

These Palm Springs Boys' Club members are really on the job when it comes to an emergency. Take the case of Billy Miller, aged two and a half, who was reported missing the other day.

His mother, Mrs. Jean Miller, told police right away and, as the hunt began, they told Frank Partridge, "father" of the Boys' club. Partridge told Rolland Valle of KCMJ who broadcast a call for all Boys' Club members to report to Partridge in the Center, at once.

In a few minutes they came up, panting, their bicycles falling to the pavement as they rushed in to report, ready for any emergency.

The leader directed them to different parts of the town and within a few minutes the hunt was well organized and under way.

But they were recalled soon. Little Billy was with his grandmother, Mrs. A. R. Coons and all was well.

But it's good to know that an eager band of volunteers is available at a moment's notice, said Partridge who gave each of the boys responding a merit.

Freedom Train

Local School Children To Go to Riverside

Palm Springs school children will see the Freedom Train when it stops at Riverside on March 9, Miss Katherine Finchy, Desert district superintendent said yesterday.

Thirty tickets have been allotted local schools. Fifteen from the high school will go and eighth graders from the grammar schools. In addition there will be a representative from each sixth grade.

Other tickets have been allotted city officials.

Next week will be pre-dedication week in the local schools in preparation for the visit to the Freedom train.

Little Bear Plans Event on Lines of Early Days Here

Fifty Kids To Give Circus Week Send-Off At Field Club Show

Preparations were under way today, in the hands of Little Bear, for a western show on March 7, the beginning of Circus Week—a show reminiscent of the first show she presented here 14 years ago and which is the predecessor of the present day famous Circus.

Asked to present the youngsters in a special show that day, Little Bear remarked that "it seems like old times to me," the old Circus days back again.

This year's show will be held at the Field Club with more than 50 youngsters taking part.

As was the first Circus here and every Circus since, it will be a benefit with the Boys Club profiting from the event. Proceeds will go to buy items for the interior of their new building.

There will be no admission charge but "the hat will be passed" at the event by Frank Partridge, founder of the Boys' Club.

All mothers and fathers—and friends—are urged to turn out.

Proof of the Navy's effective immunization program against tetanus is seen in the fact that not one combat casualty developed that affliction. And of some five million Naval personnel, only four cases developed resulting from accidental injuries. Of the two tetanus deaths from these injuries, one man had a record of no immunization and the other's was incomplete.

Narwhal whales develop but one tooth, which is used as a battering ram to break holes in ice.

HE'S JUDGE AGAIN—Leo Fields, actor, theatre owner and forthcoming palomino horse breeder of Palm Springs, who again this year will be "judge" of the kangaroo courts of the 12th Annual Desert Circus, is shown in this photo, taken last year, with the amiable Trav Rogers, who served as sheriff. Fields this year will be official shekel extractor for the kangaroo sessions for the 12th straight Circus production. Rogers will be host at Rogers Ranch to the colorful Western Barbecue and Fashion Show.

Regardless of the development of our new weapons, the Navy is still the first line the enemy must hurdle either in the air or on the sea in approaching our coasts across any ocean. The earliest warning of enemy air attack against our vital center would be given by naval air, surface and submarine radar pickets deployed in the vast ocean spaces which surround the continent.—Fleet Admiral Nimitz.

Freedom for Moths

Leo Fields Preparing to Liberate Them From Pocketbooks During Circus Week

If it will make them feel any better as they part with their cash, those honored by presentation at court—Kangaroo Court, that is—will be looking into a familiar visage as they shoo the moths out of their pocketbooks and lay it on the line.

For Leo Fields will be back in his old role as Kangaroo Court judge when the 12th annual Desert Circus rolls around within a few days.

EVER SINCE Barney Hinkle, chairman of the Kangaroo Court division of the Circus, announced that Leo Fields, popular actor, theatre owner, talent school head and soon-to-be horse ranch owner in Palm Springs, would again wield the judicial gavel, the prospective Hizzoner has been practicing leveling the evil eye.

With Circus week approaching rapidly, he hasn't decided yet which makes the prettiest sound—a gavel landing on wood or on the head—or whether there is any difference.

THE COURT JURIST, who will again levy the penalties in the Chamber of Fun, Tomfoolery and Cash, is a popular fixture in circus history and is credited with raising more than \$10,000 for charity during his services on the bench.

He has served as judge of the Kangaroo Court ever since there was one in the circus program! "It's been a whale of a lot of fun," Fields confides. "And it's doubly satisfying because of the aid which the Kangaroo Court gives each year to charitable causes in Palm Springs. I wouldn't miss one of these Circus weeks for anything."

BUT LAST YEAR he came near to breaking his long attendance record.

When General Chairman Barney Hinkle sent off the telegram inviting Leo to serve again in his usual capacity, the telegram was delivered to him in a hospital! He was recovering from a major operation. Doctors told

him this was one Circus he was certainly going to miss.

But they didn't count on the fact that Leo is an old troupier with the slogan "The Show Must Go On" dinned into his ears for quarter of a century.

HE BRUSHED ASIDE his nurses, told his doctors to turn their attention to other patients, and skipped out for Palm Springs!

He arrived here thin, wan and showing the effects of his surgical ordeal. But none of his old time wit was gone and he presided at a Kangaroo Court session that is believed to have broken all records for fun and monetary gain.

PERHAPS YOU DON'T know how a Kangaroo Court works. It is an unofficial tribunal set up for the twin purposes of entertaining the folks at the circus events and raising some extra cash for the charity coffers. Persons of all walks of life are hailed before the court on an assortment of charges that would make a real jurist's blood run cold. For instance a few years ago the city's protestant minister was cited before the judge on a charge of discouraging travel to Palm Springs—he was trying to keep the devil out of town!

The "offenders," all of them entirely happy about their appearance before the impromptu court, are snatched and cited by as comely a gang of deputy sheriffs as you will ever want to see. High sheriff this year is Kenny Paul, a leading figure in Circus and Los Compadres history here for many years, and he has picked as his deputies the Village's most charming girls.

Reduction in Fire Loss Shown Here

Annual Report Made By Chief Leonosio

Reflected in the 1947 annual report of the Palm Springs Fire department submitted by Fire Chief Bill Leonosio, is the tremendous growth of the Village and the task that confronts the department in safeguarding lives and property here.

Commenting on the number of calls made by the fire department in 1947 as compared to the total made in 1940, 1941 and 1942 the chief pointed out that during those years an average of 50 per year alarms were sounded. There were 99 answered in 1947 and 85 in 1946.

He went on to say that during the 30's the alarms entered never amounted over 10 with most of those years showing only five calls.

ALSO, DESPITE the expanding growth in buildings and population, the inclusion of a fire inspector during the year of 1947 materially reduced the number of fires that might have occurred, if pre-inspection of possible fire hazards had not been made.

The fire losses based on a per capita population during 1947 amounted to \$3.09 as compared to \$37.49 for the year of 1946. These comparative figures, however, included a lumber loss of \$164,962 which occurred in 1946 at the Sunny Dunes development at the east end of town. That figure brought the loss from fire during 1946 to \$281,194 as compared to \$23,234 for 1947.

PRECAUTIONS taken where large amounts of inflammable material are stored in new subdivisions have prevented similar loss.

Commenting on the figures for 1946 as compared to 1947, Chief Leonosio said:

"Including the loss in dollars of the lumber which amounted to \$164,962 and deducting this amount from the overall loss in the city of Palm Springs, we have \$116,232 as sustained, but deducting this amount the loss for 1947, \$23,234 would still show a reduction in fire losses over the previous year amounting to \$92,998.08."

CLASSIFICATION of fire for the years 1947 and 1946 are as follows:

Alarms	1947	1946
In Buildings	47	48
Brush and Grass	11	8
Rubbish Near Buildings	8	5
Rubbish in Vacant Lot	7	1
Misc. Fires Outdoors	8	6
Vehicles	18	16

Loss of Life and Property:

Hintons Delight Museum Audience

Program of Folk Songs Entertains Group

At the Desert Museum Sunday evening, a large audience was given a rare treat when Sam Hinton, former director, presented a special Folk Songs program.

Mr. Hinton, who has made an intensive study of the subject, discussed folk songs in general, and to his own guitar accompaniment, gave delightful renditions of Revolutionary War, War of 1812, Chanteys, Mountain, Western and Negro songs. Mrs. Hinton charmed the listeners with one number. At the end of the program Mr. Hinton responded to insistent requests and had all

DISASTER... WHERE? WHEN?

WANTED:

Help to spread
a miracle

You heard a lot about it during the war—the miracle of blood.

Men snatched from certain death by battlefield transfusions. The saving surgery permitted, the "impossible" cures effected by blood in its many life-giving forms.

Now—in peace—we all know what a boon to humanity blood can be... in accidents and operations to prevent fatal shock... in treatment of severe burns... in fighting dread diseases... as a surgical aid in delicate brain and nerve operations... in preventing hemorrhages... as a wound dressing... and in childbirth.

Blood may be needed to save your life. Or your child's.

WILL IT BE AVAILABLE? When? How?

It will be available to all eventually—with your help.

For your Red Cross is starting one of its greatest projects—the new National Blood Program. Ultimately whole blood and its priceless derivatives will be made available... *without cost for the products*... to the nation's entire population, through physicians and hospitals everywhere in America.

It's on its way—for all!

Starting at selected places across the nation... expanding gradually over a period of years... including certain scattered local and state programs... it will grow until the estimated 3,700,000 pints of blood needed annually can be procured.

... But only through your contribution to its present Fund Campaign can your Red Cross accomplish its task. Won't you help this great plan to success?

... Remember, you're not giving just dollars.

... You're giving mercy... and health... and life itself!

A disabled veteran builds a little business in his home a river flood sweeps it all away

Happy young couple is enjoying a party fire destroys the building, killing and maiming

ANY of these tragedies could happen to you and yours . . . for Disaster doesn't ask permission. It strikes without warning.

But where Disaster goes and Panic prevails, there too is the Red Cross. Prepared for action, calm in the face of danger, experienced in the succor of suffering humanity, the Red Cross brings relief quickly, generously, efficiently.

And . . . afterward . . . the Red Cross stands by the injured and the desolate through difficulties Disaster caused . . . to help rebuild their homes, restore their strength, and give them new courage to carry on.

The Red Cross doesn't stop to ask questions—it knows no boundaries, no prejudices, no limitations. All it asks is your help—for it cannot exist without you.

HELP Crush this Merciless and Insidious Killer of Boys and Girls which in recent years has stricken 80,000-- and which seems definitely on the increase throughout the United States

POLIO Strikes Without Warning

Your contribution to the MARCH of DIMES will help guarantee a continuation of prompt and adequate aid whenever and wherever it strikes.

Facts About Infantile Paralysis You Should Know

In the last two years, it is estimated that the number of children crippled by infantile paralysis has increased about 10% and in the last seven years almost 45%.

The majority of polio victims are children under 10, and only one-fifth of all reported cases are 15 years of age or over.

Polio epidemics seem to follow a four-to-six-year cycle but there is still no way to predict them accurately. Community preparedness is the best insurance.

Infantile paralysis is one of the most expensive diseases known to medical science. A respirator case may require 24-hour nursing care and cost as much as \$10,000 a year. The average cost of a polio case today is estimated at \$2000.

In the fiscal year ended May 31, 1947, the National Foundation for Infantile Paralysis and its 2735 chapters expended a total of \$15,000,000 for medical care alone.

Adequate medical care in the case of infantile paralysis is estimated as beyond the financial resources of nine out of every 10 American families. Through the March of Dimes, however, the American people guarantee that no one suffering from this disease need go without the best available medical care and treatment for lack of funds, regardless of age, race, creed or color.

In an effort to find a cure or prevention, the March of Dimes finances medical research in scores of the nation's leading medical schools and laboratories.

About one-half of those stricken by infantile paralysis recover without crippling; 25 to 30% suffer minor disabilities; 20 to 25% show marked residual paralysis; while 5 to 10% die.

Dimes and dollars contributed to the annual March of Dimes are divided equally between the National Foundation and its Chapters. Each Chapter retains half the money raised in its community to provide care and treatment for infantile paralysis patients in its own area. The other half goes to national headquarters to finance a nation-wide program of research, education and emergency epidemic aid.

Your local chapter stands ready to serve if polio strikes in this community.

Dr. Geo. Hummer, Noted Pathologist, On Hospital Staff

Palm Springs Community hospital announces the appointment of Dr. George J. Hummer, a widely known specialist, authority on pathology, as a member of the hospital medical staff. Dr. Hummer is being employed by the hospital as a consultant pathologist so that its laboratory services may be broadened for the benefit of its medical staff in diagnostic work. Dr. Hummer will, in addition to supervising the Palm Springs Community Hospital laboratory, conduct a pathological conference before the hospital's medical staff once monthly.

Dr. Hummer is also a consultant in pathology at the St. Luke's hospital in Santa Monica, where his main offices and laboratories are established. It is not likely that his services could have been obtained here were it not for the fact that the desert's fine climate has influenced the doctor to become a regular winter visitor.

In addition to the work he will do at the hospital, the services of his own scientific laboratories will also be available by the use of air express and the long distance telephone, for reports and findings.

Dr. Hummer's first pathological conference will be held with the hospital medical staff on the evening of February 27.

MODERN, COMFORTABLE—An interior view of the model home on the R. H. Grant Construction company tract on East Ramon, furnished by Bullock's Palm Springs. (Pagoria photo.)

Model Home Big Attraction to Many Villagers This Week

Large throngs are viewing the model home built by the R. H. East Ramon and furnished by the Home Store, second floor of Bullocks Palm Springs. Thousands have viewed the home since it was thrown open.

The house was decorated by Arthur Elrod in Provincial vein under the supervision of Marcus J. Saxon. Its most interesting feature is the division between living and dining room areas created by the two colors of carpeting and the use of wallpaper in the dining room area on walls and ceilings.

A semi-wall combines bookshelves and plant arrangement to create an entry which is papered in a provincial print in yellow and red. The same paper lines dining room area walls and ceiling. Red

carpets in the dining room contrasts with the deep green carpet in the living area and the same green is carried to the walls and ceiling.

Yellow Dutch curtains are hung in both areas.

Four chairs upholstered in green rough texture feature the dining alcove and a friendly

grouping around the fireplace lends an intimate touch. The den has been furnished in maple, the ceilings and one wall are plaid-papered, the other three are painted.

The master bedroom is done in brown and white. Bleached oak of an early American design is shown against chocolate walls.

Bill of Rights

Copies Available for
All Who Want Them

Although the Freedom Train is not scheduled to make a stop at the Palm Springs railway depot, copies of the "Bill of Rights" given away wherever the train has stopped can be had for the asking at El Mirador garage, according to an announcement by Mrs. Polly Isenagie.

She said that the Standard Oil company has sent her approximately 400 copies 18 by 23 inches and adaptable for framing. All Standard Chevron stations in Southern California have them for distribution.

Little Bear

Wins New Honors at
Hot Springs Event

Little Bear, who has been identified with Western events and equestrian shows around Palm Springs for almost a quarter of a century was wearing her honorary sheriff's badge over a new ribbon today.

She was awarded a special ribbon at the Desert Hot Springs 49-er celebration last Saturday in recognition for her part in keeping alive the traditions of the old west.

The other bedroom is decorated in yellow, grey and red and the furniture has been arranged to conserve space.

Both bathroom and kitchen are wall-papered as is the hall.

The model home will be open to the public for another ten days or two weeks.

We try to help you escape, with 121 hours of broadcast entertainment every week. We've been on that schedule for over 2 years now, at 1340 on the dial.

Just so you won't get carried too far away, we also broadcast public opinion programs, financial news, and news of the world, presented by such men as Edward R. Murrow, Lowell Thomas, and Joseph C. Harsch.

Mary Barrett of the Facial Re-Youth Salon, 330½ North Palm Canyon drive is sponsoring three lectures by Dr. Kay Mullendore, one of which has already been held, at the Palm Springs Woman's club.

All of the lectures will deal with diet and health for the modern mode of living. She will particularly stress a diet and inclusion of a special food for vegetarians.

Extend Controls
Over Rents for
At Least 30 Days

Villagers renting homes and apartments were breathing a little easier today with the announcement that rent controls have been continued for 30 more days and that a new law which would run another year and possible 14 months would be enacted sometime late in March. The present law would have expired Feb. 29.

On the other hand, landlords who have read the new law passed by senate extending controls for 14 months and which will be enacted upon by the house sometime in March, feel that some of the inequities of the present law may be erased.

One of the provisions in the bill seeks the elimination of controls on dwellings the rent for which would be \$400 or more per month. Such accommodations will be regarded as "luxury accommodations."

Girl Scouts Put
On Pantomime
For Auxiliary

Mrs. Grace Morrison and Mrs. Kitty French, leaders of Girl Scout Troop 3, staged a pantomime play entitled "And Then the Lights Went Out" for members of the Women's Auxiliary of Owen B. Coffman Post, American Legion, last week.

Taking part in the production were Loretta Browell, Shirley Allegrini, Barbara DeVorzan and Celeste French, members of the troop. They were assisted by Pat Williams, Fay Gordon and Virginia Hubbs, also of the troop who served as "stagehands." Carolyn Harper, leader of the troop, was in charge.

On the same program Brownie Troop No. 1 sang two folk songs of the South African veldt and the Brownie Smile song.

The Girl Scout council is in the midst of plans at present for a new Girl Scout house of adequate size to house their growing activities.

deep in the show business of the country. Way back in the heyday of vaudeville he had a single act of singing and dancing. Then he appeared in two Broadway shows, "Devil's Host" and "Privilege Car."

Later, with his brother, J. B., he entered the theater business and is still in it under the firm name of Fields Brothers Enterprises with cinema houses in Maryland and Washington, D.C.

PERHAPS YOU HAVE heard on the radio the popular programs "Calling All Cars" and "Fu Manchu"—they are creations of Leo Fields. He and his brother operate the Art Center School in Los Angeles, largest west of Chicago, they finance several pictures each year, and dabble in a lot of other ventures in their spare time.

Leo's ambition now is to go through a plan he had before war to establish a ranch on Ramon Road for the breeding of palomino horses, a breed which he admires devoutly. He thinks California should emphasize more this grand breed of horses whose history goes away back to the Spanish days of the Golden State. When his ranch dream materializes perhaps Palm Springs will see more of the Kangaroo court dean—and he will see more of Palm Springs as he has wanted to do for many years.

They'll all have to strive for more real harmony—honestly and together. They're indispensable to the welfare of one another, so they'll have to get on better, if both are to survive.—Bernard F. Gimbel, president, Gimbel Brothers, Inc., when asked how he thought better labor-management relations might be achieved.

Bennett Slated
To Face Court
In Check Case

Ned Bennett, alias Nathan Bernstein asserted checkwriting "artist", was scheduled to face Judge Eugene E. Theriault in court this morning on charges of issuing a fictitious check for \$19,950.

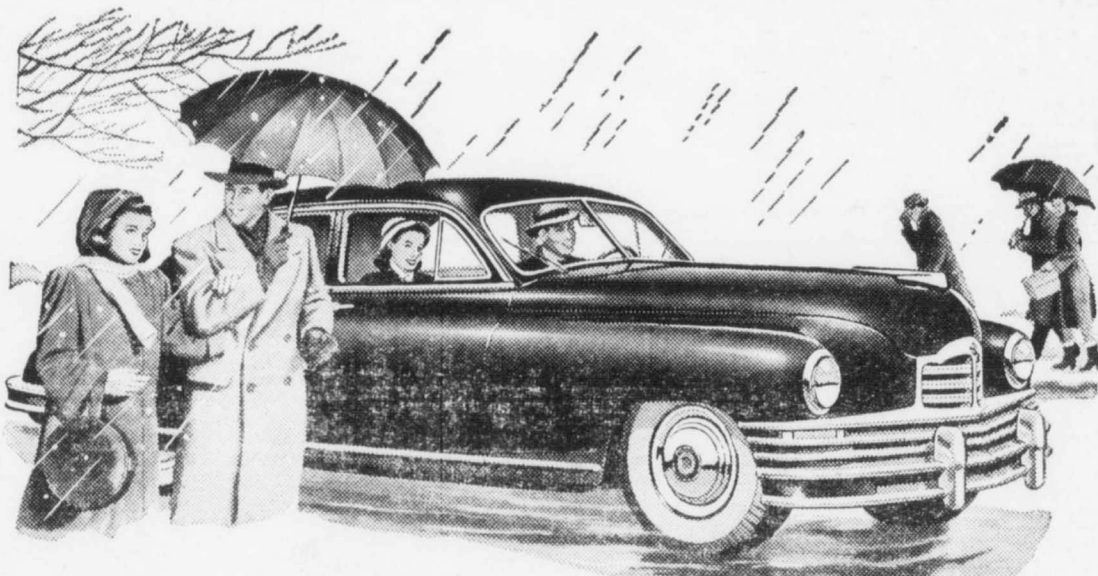

Since his arrest February 10 when he wrote a \$15,500 check as the down payment on his bid of \$155,000 for the Sunset House at a public auction, the police department here has received at least six "holds" for Bennett from other cities where he is wanted on check charges.

As the successful bidder of the Sunset House, he had just handed his check for \$15,500 to the auctioneer when Chief of Police August Kettmann arrested him on the \$19,950 check charge which he had used in exchange for hard cash with a local merchant.

School Attendance Still Moving Up

Total to Date Already
200 Over 1947 Peak

Attendance figures at elementary schools in the district reached 1153 last week, 200 more than the peak of last year which was reached in March. Last week's maximum represented a gain of more than 300 over September enrollment figures and reflected the crowded condition of the city.

Frances S. Stevens school topped the list with 489. Nellie Coffman Junior high was second with 229, Cathedral City next with 134 and Desert Hot Springs had 97.

The district was recently granted authority to acquire additional school lands and is in the process of a 15-room building program at present.

The Northwest really is up in arms—but it is a peaceful pursuit. Carl Bradsher, nationally skeet champion and gunnery expert during the war, checking over his lists the other day found that Seattle and other areas in the Pacific Northwest have been burning the ammunition this season.

His check was caused by the arrival last Wednesday in the Village for the season of Mrs. Volney Richmond, Seattle, whose outstanding shooting has been featuring the season.

Others from Seattle who will spread the good word about Palm Springs when they return north and who are regular visitors at the East Ramon road skeet

range are Mr. and Mrs. Donald McDermott, Mr. and Mrs. William Calvert, Mr. and Mrs. John Locke, Mr. and Mrs. Caspen Clark, Mr. and Mrs. Theodore Plestcheff, Dr. and Mrs. Tom Mesdag, Mr. and Mrs. E. W. Andrews, Mr. and Mrs. Warren Donahue, N. C. Jamerson, Dr. Jack McVay and John Ballinger. Here from Raleigh, N. C., at the Skeet club is Miss Evangeline Richardson and from Franconia, N. H., where they already have a tramway, is Herbert J. Carpenter. From the other direction, daily shooters are Billy Lempie of Honolulu and Gilbert E. Colburn, Los Angeles, among other outstanding shooters.

Palm Springs' best representative at the traps is Floyd Bigley, city councilman.

Bradsher, who taught aerial gunnery in the war, also runs the famous skeet clubs at Rolling Rock, Pa., and at Sun Valley, Idaho. Many who have visited the other clubs are putting Palm Springs on their vacation itineraries as a result.

Less Than A Week For Registration

Books Close March 4
For City Election

Practically a last minute warning was issued today by the city hall and Junior Chamber of Commerce that less than a week remains to get on the registration lists.

Books close next Thursday for the city election April 13 and all those who are not registered will be unable to help decide the make-up of the coming city council.

Registration is of especial importance to voters in districts 1, 3, 5, 6, and 7 from which councilmen will be elected this spring. Besides the city election in April, important primaries in June and the general election in November are on the year's voting schedule.

Those who have moved, changed their name, reached voting age or whose names have been purged from the voting rolls because of failure to vote in either of the big elections in 1946, must register to be eligible to vote April 13.

Thursday, March 4, is also the last day on which to file nomination papers for those seeking places on the city council.

Plans for Spring Fiesta Completed

Busy Evening Put in
By Village Post

Completion of plans for the staging of the Palm Springs Fiesta to take place April 10 under the auspices of Post 34 of Amvets were discussed by members of that organization at a regular meeting held in the El Paseo auditorium Monday night.

Several resolutions were voted upon and passed by the membership at the request of National headquarters of Amvets.

THE MEMBERSHIP went on record favoring Universal Military Training and the writing of letters to congressmen and senators in Washington urging the passage of that bill. The post also went on record favoring the supply of arms, ammunition and food to the embattled government of Greece fighting Communism.

Another resolution passed unanimously by the post and sent to national headquarters, was against the bill now pending in congress to grant pensions to World War I veterans on reaching 65 years of age similar to that granted Spanish American war veterans.

IT WAS FELT that the granting of pensions to World War I veterans would engender a feeling that the same should be done for World War II veterans and with approximately 10,000,000 World War II veterans in the country the tax burden would be too great.

The consensus of opinion was that no special privileges should be granted to a person because he served his country in time of war but that those who were disabled should be cared for.

Radio Stars To Aid Red Cross Drive in Village

Palm Springs radio fans should
listen carefully next week when
Bob Hope, Bing Crosby, Jack
Benny, and other famous person-
alities stray from their usual
spots on "another network", and
will be heard in Palm Springs
through KCMJ, local CBS outlet.

It's not done with mirrors,
either, but by transcription, with
portions of their best shows com-
bined with their appeals for the
American Red Cross drive.

Honorary Mayor Bob Hope will
lead off the series at 4:15 on Mon-
day afternoon, with Crosby, Dick
Haymes, Frank Sinatra, and Jack
Benny following Tuesday through
Friday at the same time. The old
professor, Kay Kyser, will wind
up the series on Saturday at 3:45.

Ella Raines, William Bendix,
and Robert Montgomery will also
be broadcast locally, in a drama-
tic series next week on KCMJ's
late-evening record show, Music
for the Party, in behalf of the
Red Cross drive.

The drive starts officially at ten
a. m. on Monday morning, in
Palm Springs, to the accompani-
ment of sirens, horns, and whis-
tles.

Tax Notes

By EDWARD J. NELISSEN

INCOME FROM ROYALTIES

Royalties are taxable but a de-
duction is allowed for depletion
of mines and wells. The rates of
depletion are as follows: Oil and
gas, 27½%; coal, 5%; metal and
potash, 15%; and sulphur, 23%.

The depletion allowance is de-
ducted from the royalties received,
and the remainder is taxable.
If you receive dividends from
stock in oil wells or in mines it is
important that you determine the
percentage allowable for depletion
or depreciation included in the
dividend since this percentage
of the dividend is not taxable but
is considered a return of capital.
Your broker should have that in-
formation.

INCOME FROM RENTS

When you rent a house, room or
office space, the receipts from
such rentals constitute taxable in-
come. There are, however, certain
allowable deductions which help
to reduce this income and it is
important that ALL expenses
pertaining to such income are de-
ducted from that income rather
than include the expenses in the
list of other deductible expenses.

If you own the property from
which you derive rental income,
the most important deductions are:
DEPRECIATION, TAXES,
REPAIRS, INSURANCE, UTILI-
TIES and a deduction often over-
looked, INTEREST on a mort-
gage or trust deed pertaining to
the rented property. Many tax-
payers include this interest in
other deductions and lose the ad-
vantage thereof if the standard
deduction is taken.

When the entire property is
rented the above deductions pre-
sent no problem but when part
of a residence is rented while the
owner lives in it certain prob-
lems present themselves.

The first step is to determine
how much of the property is ren-
ted. This may be determined on a
percentage basis or square foot-
age basis. Next, determine the
cost of the furniture in the ren-
ted part. Then, add up all of the
expenses mentioned above, with
the exception of depreciation on
furniture, apply your percentage
of rented occupancy to the total
expenses and add the deprecia-
tion on the furniture. This will
give you the total allowable ex-
penses against the rental income.
However, under other deductions,
you are still allowed the unallo-
cated portion of the INTEREST
and TAXES or, if it is more ben-
eficial, the standard deduction.

What Goes on in Palm Valley

By DON CAMERON

The "No Vancancy" sign was
hanging out everywhere in Palm
Valley this past week in spite of
the wind. Desert Airpark, White
Sun Guest Ranch, Mirage Plaza,
Sage and Sun are filled and look-
ing for places to send their over-
flow. Talked to Bob and Florence
Sturgeon, owners of the beautiful
Twin Palms in Palm Desert and
they showed me reservations
ahead as far as April and plenty
of big names among them. Regis-
tered there this week are the Ed
Sargents of Kalamazoo, Michigan,
the S. M. Kempes of East Orange,
New Jersey, the Sam Blochs of
Portland, Oregon, the R. B.
Whites of Baltimore, Maryland.
He is president of the B & O. The
Walter Botthof's of Chicago, their
son, C. L. Botthof and two grand-
children. Ran into two of my Ca-
nadian friends staying at White
Sun. Mrs. Wilbert J. Matthews
and Mrs. Christopher T. Thomas
of Ottawa, Ontario.

At Bill Reichels, (this is not a
hotel, but his guest list always
sounds like one), the Dr. C. H.
McCleods and the Ernest Voights
from Oakland, the Percy White-
sides and their son, Richard, who
flew down from Tulare in their
Navion. Coming in this weekend,
the Harold Lorentzens from Pied-
mont. If this gang isn't all repub-
lican now, they will be when Bill
gets through with them.

NORMAN WILLIAMS tells me
he sold the Sage and Sun Guest
Apartments to the Major Slaters.
(Major is his first name, not a
rank). The Slaters with their
daughter, Yvonne, plan to op-
erate the place themselves on a
twelve-month basis. Mr. Slater
was a Southern California skeet
champion a few years back and
belongs to the California Indians.
He says, "Sage and Sun is going
to prevent him from attending
their annual shoot, which this
year takes place in April in Las
Vegas' Flamingo."

At Rancho Mirage, Dr. Claude
Church sold one of his houses to
the Dr. Ross Sutherlands. He is
an orthopedic specialist at the
Desert Clinic and flies his own
plane around to his other offices
in Los Angeles and Las Vegas.
He lands here at Desert Airpark,
just a block away from his new
home on San Jacinto Drive. The
Oren Aulds started building this
week on their lot next to Admiral
Weitzel's home. Mrs. Auld is a
portrait painter and should feel
right at home in Rancho Mirage,
since we already have Carl Hoer-
man, Louis Krupp and William
Dampier, Ed Jones, after a three

week vacation in Florida is back
on the job finishing his new home
on Del Sol Road. Ed was tennis
pro at the old El Mirador Hotel
in Palm Springs. The one and
only Judge Krull spent a few
days in his adobe. The judge bet-
ter known to us as the poet laure-
ate of Rancho Mirage had with
him Dr. Charles Rubenstein and
Henry Krueger, a Mormon elder,
both from San Francisco. The
Roy Jillsens came down from
Glendora to enjoy a few days in
their newly purchased home on
San Geronimo Road.

Visiting Claire and Jeff Shank,
the Dr. Milton Tragers of Tarza-
na.

IN THE MIDDLE of the Jack
Benny broadcast from Palm
Springs, the power went off in
Rancho Mirage. The reason being
that one of the local residents
taking off from Desert Airpark,
in the strong wind, clipped the
wires. This is the second time this
has happened in the same spot.
Maybe we could work on Francis
Crocker to move these wires to a
safer spot.

Don't forget to buy a ticket to
the Amvet Spring Fiesta! You
can get them at the Rancho Mir-
age tract office, the Santa Fe of-
fice, the Desert Sun or Dr. Joseph
A. D'Alessio's office.

God will not suffer man to
have the knowledge of things to
come; for if he had prescience
of his prosperity, he would be
careless, and, understanding of
his adversity he would be sense-
less—St. Augustine.

Students Scatter Far and Wide On Washington Holiday

Just think, if Washington had never been born, he wouldn't have birthdays, and if he didn't have birthdays, we wouldn't have one day off a year for him. Monday was the 216th birthday of George Washington.

Idyllwild was swarming with familiar faces. Some wise pupils spent the day just resting or catching up with old homework.

Monday night was Dorothy Winterton's birthday party. Some of those present were: Bonnie Sue, Les, Rece, Charleen, Jo-anne and Bill. Happy birthday, Dot!

Others were haunting the movies or L. T., etc.

Here's hoping your next birthday doesn't greet you with the fierce winds that this one did, George.

Can You Imagine

Mrs. Summers not saying "By George?"

Beverly Mendoza as tall as Kenneth Youngs?

Mildred Krug without James?

Betty Ann Lilley without her ballerina skirts?

Ben Chaffey without his command car?

Eddie Weiss with dark eyes?

Coach Ballagh without his cute smile?

Mr. Lester with nothing to do?

Students View Feats of Magic During Assembly

Ah yes, the powers of magic are amazing, as was demonstrated by Mr. Wear and his charming wife in assembly Monday, February 23.

With the help of Robert Menell and Dick Doro the show was a huge success complete with rabbits, tigers, and the traditional handkerchief tricks.

Mennell didn't look too happy when he was handed a huge lighted firecracker, but then, who would?

It was a great assembly and we thank you!

May We Introduce

It gives me great pleasure to introduce a Junior who is now attending Palm Springs High School.

She was born August 28, 1931 in Erie, Pennsylvania.

The last school she attended was Academy High in Erie.

Her favorite sport is bowling, and her hobby is collecting stuffed animals.

Her favorite food is city chicken. She says the things she enjoys most is going skating with the gang from Erie.

Her one and only guy is Dick Tome from Penn. She said, "People who keep asking the same question over and over" is her pet peeve.

May I present Dolores Sitter.

Eddie Weiss Top Scorer as Indians Tomahawk Braves

The Palm Springs Indians outscored the Sherman Braves in their cage tilt last Wednesday night at Coachella with a score of 62 to 54.

During the first quarter, the Braves with speed and accuracy rolled up a score of 13 to 2. Finally, in the second quarter, the Indians began to roll and at the end of the half, Sherman was ahead by five points, the score being 29 to 24. Until the final period, the score remained tied with each team scoring evenly. The last quarter brought about hard luck for the Braves as four of their men had fouled out when the Indians were 4 points ahead. The Braves played the remaining few minutes with three men and managed to score 6 points but were short of their mark as the score ended, Palm Springs 62 and Sherman 54.

For the Sherman Braves, Jones had scored 17 points and Margan, 13 points.

Eddie Weiss managed to make good his chances for the Riverside County League title as he racked up an outstanding 32 points. In the last period, Weiss sprained his ankle and was forced to leave the game. Pierce, substituting for Blackhart and also his first appearance in competitive basketball, played good defensive ball and was good for 9 points. Doro, although fouling out in the third quarter, scored 7 points. Gilbert sank three buckets for 6 points and Styers, playing heads-up ball, scored 4 points. Simpson made two free throws for 2 points. Byron Norris, who finally got his chance, played great defensive ball and swished a long one for 2 points.

The "B's" lost a close one to the Sherman lightweights by a score of 32 to 28. Dick Henson sparked the Indian team with 17 points.

Recent guests at Tamarisk Courts were Mr. and Mrs. Harry E. Hyde (upper left), formerly of Washington, D. C. Mrs. Hyde is a famous artist and held the position of Supervisor of Art of the National Parks for the Department of Interior. She has had many honors bestowed upon her and when a newspaper survey was conducted to select a woman from each state who did outstanding and unusual work, Mrs. Hyde was selected to represent Washington, D. C. Her murals hang in the White House among other outstanding institutions.

DISTINGUISHED visitors to Palm Springs are (upper center) Mr. and Mrs. Manne Lindholm, pictured on the patio of the Canyon View Apartments. The Lindholms had seen Palm Springs from the air several times, were intrigued with the view and decided to get a closer view, which prompted their visit. Mr. Lindholm is the Swedish Consul General in San Francisco.

A VERY POPULAR HOSTESS in Palm Springs is Mrs. Dora

Morrison (upper right) who lives on Racquet Club Road. Mrs. Morrison divides her time between her Brentwood home and Palm Springs; she has been coming to the desert for ten years. Outstanding in her home is her playroom which is very large and is furnished in an early American style with copper trim and an indoor barbecue.

MR. AND MRS. MAX OLSEN (center left) of Seattle, are staying at the Sequoia Bungalows. The Olsens believe they have found a solution for taking care of the great number of Seattle people who make Palm Springs their winter home. . . they some day plan to build a hotel to house their friends. The Olsens have been coming to the desert for five years.

AT LA SIESTA recently were the Bothman and Kling families. Center right are Mrs. Jacob Bothman, Mrs. Mary Bothman and Mrs. Fred Kling. Mr. and Mrs. Bothman were celebrating a wedding anniversary the day the picture was taken and the Klings

came from St. Louis to join them for the occasion.

SEVEN YEARS AGO Mrs. Joseph Cauthorn (lower left) returned from a visit to China, came down to Palm Springs from her San Francisco home, and has been a winter resident ever since. Popular Mrs. Cauthorn can be found at most parties in town and is often seen out in the company of her many friends. Her hobby is writing and people, with perhaps people taking the lead. Mrs. Cauthorn was at one time a newspaper woman and her husband is publisher and president of the San Francisco News.

MISS PAULA FATJO (lower center) and her small dog were photographed at Thunderbird Ranch where Miss Fatjo and her mother, Mrs. Clement Fatjo, were guests. Prominent in San Francisco society, the Fatjos are descendants of an early California family and still retain property that was part of an old Spanish land grant. Some of this property is utilized

as a cattle ranch and was recently leased by Bing Crosby.

WALKING OUT of the door of their apartment they had at Wonder Palms are Mr. and Mrs. Sy Fuhrman (lower right) well known Palm Springs visitors from Hollywood. Mrs. Fuhrman is the former Carol Fox, daughter of the David Foxes of New York, who are owners of the Jay Thorpe shop there. The romance between Carol and Sy started one year ago when Carol reluctantly left New York to take a trip to California.

Tarsus, birthplace of St. Paul, still retains its ancient name, although many other cities known in ancient history have had their names changed by the modern inhabitants.

Today there are many indications that some Americans have become imperialists. They would have America assume responsibilities—and bases—and territory throughout the world, for the benefit, of course, of the world.

Democracy is doomed to perish . . . by default unless the American people become informed about atomic energy.—David E. Lillenthal, chairman, U. S. Atomic Energy Commission.

Desert Living

In this most unique design of desert living women need no longer fear the servant problem, the fatigue of opening, closing and running a desert home—labor often more than it is worth.

At Hidden Springs Ranch the facilities of a central club provide maid service to private homes, summer care, formal dining room, snack bar at the pool—all the luxuries of owning a private estate without the responsibilities and expense.

A 1200-acre development of estates by the Doyles, creators, and original owners, of the Smoke Tree Ranch at Palm Springs. The same high standards.

All large lots insure privacy at non-inflated prices, artistic small homes permitted . . . astonishingly low building costs by the ranch construction service. Eleven homes now under construction . . . memberships in the club, to accepted buyers without additional costs . . . every utility including Texas Big Inch gas . . . paved roads direct to Palm Springs.

Directions: Ramon Road out of Palm Springs past the airport and across Highway 99 to the end. Running time—11 to 15 minutes.

World Must Abandon Old Selfish Policies for Moral Principles to Have Peace

America's frontier now extends to the Macedonian Line, Colonel C. Wellington Furlong F.R.G.S., said in describing focal points of peace in Europe to a public forum audience numbering 127 at the American Legion Hall Thursday evening.

The noted war correspondent outlined six basic reasons why the geopolitical causes of two World Wars still remain potential causes of a third World War. These geopolitical causes are national policies he pointed out which have existed for many hundreds of years. These causes are the six basic national policies of Great Britain, France, Italy, Germany, Russia, and Turkey.

THE POLICIES of the old World, within what the speaker called the Great Circle of Contention, have been based on expediencies, territorial trade-offs and national subversiveness. Unless these expediencies are replaced by principles of morality, the speaker warned, it is almost certain that the policies collectively may become causes for a third World conflict.

The colonel described Great Britain's basic national policy as having been "control of the seas." "France," he said, "has been preoccupied with the development of a great African empire." "The policy of Italy was one of expansionism. It was interested in reestablishing the old Roman Empire and becoming the dominant power of the Mediterranean."

COLONEL FURLONG described graphically Germany's policy of expansion through a "drang nach Osten"—a push to the south east through the Middle East and then on to a contemplated world conquest.

Russia's policy, he described as having been, and still being, the achievement of a warm water outlet to the south and military control of the Dardanelles.

Turkey's national policies, he explained further has been, and is, peace—at any price except at the expense of its national security. He pointed out that through this policy of peace Turkey has long maintained a neutrality which has provided an important delaying action for the Allies which helped immeasurably in

keeping Germany from attaining its military objectives.

THE DARDANELLES marks the center of the Great Circle of Contention referred to by the speaker. He predicted that Russia's next great foreign adventure is to be the conquest of Turkey through pressure exercised in a pincer movement through Iran, Iraq, and Syria on the East, and the Balkans on the West. For this reason the speaker insisted that America's frontier has now moved beyond the Rhine, "our present frontier is the extended Macedonian Line from the Adriatic to the Black Sea to Northern Greece and Turkey."

It is necessary for the Western powers to prevent Russia to conquer Turkey and secure control of the Dardanelles because if Russia obtained these military objectives it would be astride the Suez Canal and then it would be sitting on the two most strategic straits in the world, and on the beach-head of three Continents in the center of the greatest land mass of the World.

TWO OF THE FOCAL POINTS of peace within this Great Circle of Contention are, according to the speaker, Palestine and the oil of the Middle East.

Colonel Furlong declared that he saw threats to the security of America and Great Britain in political Zionism, a movement organized for political and territorial purposes. He said, "he felt that persistent effort to go in and take part of Palestine from the Jews might antagonize the Arabs sufficiently to such an extent that a Third World War would be started." He expressed a belief in part that the migration of Jews going to Palestine are not displaced persons but are coming from Russian controlled ports, chiefly from the Ukraine area.

IN DISCUSSING the revival of the oil zone, Colonel Furlong said that both America and

Young Married Couples Enjoy Church Dinner

The young married couples group of the Community church had a very delightful evening last Friday in the church social room. About forty were present to enjoy a delicious dinner prepared by Mr. and Mrs. Andre Nisson, Mr. and Mrs. Paul Traver and Mrs. and Mrs. Frank Miller. A short business meeting was conducted by Charles McDonald, president, and plans were laid for the first annual banquet which will be held on Friday, March 19. Mr. and Mrs. Fred Clatworthy, well known residents of Palm Springs, were present as special guests and the group enjoyed seeing some of Mr. Clatworthy's beautiful color slides taken in many of the National Parks and including some magnificent sunrises as seen in Palm Springs.

The steelmen don't need the threat of allocations hanging over their heads to make them play ball.—Ben Morell, president, Jones and Laughlin Steel Corp.

Thus saith the Lord of hosts, the God of Israel, Amend your ways and your doings, and I will cause you to dwell in this place.—Jeremiah 7:3.

Strong sunlight or any other source of ultra-violet light is injurious to all fabrics.

Great Britain are dependent upon oil from the Middle East and that it was Russia's determination to wrest control of this oil from the Western powers, particularly Great Britain, knowing that if it could do this it would be supreme in power in all of Europe. "It is right," said the speaker, "for the British government and for the United States to support and utilize oil companies in the Middle East, but they should work under certain restrictions and controls. We need the oil and it is right that we should have it from the Middle East provided we do not perpetuate an injustice to the people of that area and provided we carry out the idealism of the Atlantic Charter by safely guarding the political integrity of the small nations in that area and throughout the World."

IN CONCLUDING his address the speaker expressed a belief that it is futile to think of Communism any longer as an ideology. Nationalism rather than Communism is one of Russia's strongest military weapons and it is being used continuously to further her national policy. Russia today is the greatest reactionary nation in the world. If America will face up squarely to Russia's challenge and make no further concessions, but insist on reserving the right of small nations to determine what is to be their form of government, the march of Russia to the Dardanelles and to further conquests will be stopped, and the cause of Democracy will be given a new hiatus.

Emil Lengyl, feature writer, and foreign correspondent for the New York Times since 1927 is to speak at the next Forum meeting on Thursday evening, March 4. His topic will be "Behind the Iron Curtain."
